

SNMWTL WEBSITE INFORMATION AND INSTRUCTIONS

www.snmwtl.com

All SNMWTL Members:

At www.snmwtl.com players can view schedules, directions to clubs, rosters, rules, results and standings, directly gaining league information from the site, which will reduce the number of calls to Captains, Club Reps, and League Chairperson. Captains should give the website address to their players and encourage them to explore it.

Captains & Co-Captains

Captains and Co-Captains must be registered on the website to access the "Captain's Court", where they can input match results and have access to team player stats, captain contact info, complete division roster info, team archives, and research a player. Captains and Co-Captains who do not register, will not be able to post match results or reschedule rain out matches. Registration should be done well before of the start of the season.

Accessing "Captain's Court" for the FIRST TIME:

Go to website and click on "Captain's Court". On the Log-In page, click on the red word "register". Fill in the fields on the Register page, being sure to enter all required fields. The email address entered should be the email address that was submitted with your roster. Remember your individual password, as you will use it each time you access the system. The league Chairperson should be notified immediately of changes in captain/co-captain email addresses!

The system will confirm that your password has been accepted, and you will be asked to agree to an Acceptable Use Policy. Basically, after signing, you will not be allowed to post, link, etc. foul language, pornography, or anything illegal. Finally, after agreeing, you will then be shown a prompt to go to member information/captain's court. When you click on this prompt, you will be able to see your personal information (name, address, etc.) as well as your team's match schedule where you can post the results.

Accessing "Captain's Court" thereafter:

Go to www.snmwtl.com. Click on captain's court. Use your email address as your login, and your password
